

SUMMER READING 2016

2nd Grade going into 3rd Grade

Dear Parent (s),

I want to wish you a safe and happy summer. My suggested reading time is at least 20 minutes a day. Please try to encourage this as much as possible, so your child will continue to learn.

Attached you will find a list for summer reading. This is mandatory for all students entering third grade. Please read two books from the list and write a report on both books. Two reports are attached. These two book reports are due on Wednesday, August 31, 2016.

Math concepts are a continuum part of the school curriculum that each year is expanded upon from the previous year. It is important to help your child practice the math facts that they have learned during the school season. Also attached is a list of computer summer math resources that your child can utilize during the summer.

Sincerely,

Mrs. McCue

Mrs. McCue
